

MORRISON CONSULTS

Our Commitment to Ethical Recruitment | Morrison Consults

We are proud to support the UK Agent Quality Framework (AQF) and the British Council's National Code of Ethical Practice for UK Education Agents.

At Morrison Consults Ltd, we understand that choosing a university abroad is a life-changing decision. We are dedicated to guiding international students towards their academic and professional futures with honesty, clarity, and unwavering integrity.

While we are recognised specialists in the competitive fields of Law and Business, our expertise extends across all disciplines, ensuring every student—regardless of their chosen subject—receives expert, tailored support.

As a British Council certified counsellor, I personally ensure that every piece of advice we offer meets the rigorous standards set by the UK's Agent Quality Framework (AQF) and the National Code of Ethical Practice. These frameworks empower student choice, promote ethical governance, and demand full transparency and accountability.

Our Pledge to You

Integrity and Honesty

We act with integrity in all our professional dealings. We are straightforward and honest in our communications with students, families, and partner institutions. We never make misleading claims or engage in unfavourable comparisons with other education providers.

Student-Focused Practice

Your best interests are at the heart of everything we do. We provide objective, accurate, and tailored advice that reflects your unique needs, capabilities, and aspirations—whether you are applying for an LLB, an MBA, or a niche undergraduate degree. We never knowingly provide false, incomplete, or misleading information.

Transparency and Accountability

We are transparent about our commercial relationships with UK universities and any potential conflicts of interest. All our fees are clearly disclosed upfront, and we ensure you fully understand the services you are receiving. We also provide a clear and accessible channel for students and families to raise concerns or lodge complaints about our service.

Professional Competence

We maintain up-to-date knowledge of the UK education system, visa and immigration policies, and the specific entry requirements for Law, Business, and all other subject areas. Our team is led by a British Council certified counsellor, ensuring we deliver professional, competent, and reliable advice grounded in formal UK-recognised training.

Confidentiality

We respect and preserve the confidentiality of all personal information entrusted to us. We handle your data with the utmost care and in full compliance with UK data protection legislation.

Useful Resources

We encourage all students and families to familiarise themselves with the following official resources:
